Or to the auctioneer or farm management.

**SALE MANAGER:** Gene McDonald, 16 So. Locust, Aurora, Illinois.

**FURTHER INFORMATION:** Anyone desiring further information about the cattle, travel arrangements or accommodations may contact either the sale manager or Purple Blend Farms. Every effort will be made to give you a frank description of any cattle in which you may be interested.

**INSURANCE:** Will be available at the sale.

**TERMS:** The terms of the sale are cash.

**GUARANTEE:** The cattle sell under the standard guarantee endorsed by the American Shorthorn Ass'n.

**LIABILITY:** Each transaction will constitute a contract between the buyer and seller of each lot. The auctioneers, clerks and the sale managers have been employed by Purple Blend for specific tasks not connected with the handling of the cattle or the condition of the premises and they accept no liability for the contract or for any accident that may occur. Purple Blend will make every effort to provide for the comfort and safety of those attending, but cannot accept liability for injuries that may occur. Information announced from the auction block on sale day takes precedence over any written matter in this catalog.

Chuck and Eileen Behm, with daughters Sandy and Becky, in the office of the modern show barn at Purple Blend, looking over last year's sale and preparing for this one.

## *Welcome to Purple Blend*

It is with humble gratitude we welcome you, our friends and fellow breeders to Purple Blend. We, as everyone else, have not accomplished all we set out to do this past year but we feel we have made inroads to the future.

There are few things in a cattleman's life more eloquent than displaying the fruits of his efforts and knowledge to people who are striving to make the best better.

The girls, "Sandy" and "Becky", along with Eileen and I want you to enjoy the day with us and know and hope that wherever our productions go they will do well for their new owners.

*Chuck Behm*

A part of the Purple Blend cow herd. It now numbers over 300 head of purebreds.

## *The Purple Blend Aim*

In the past year we have acquired three major herds, some 200 head in all, most of which have been Polled cattle backed by the greatest heritage known to we humble breeders. To us this was the only way to get those great breeding matrons. Many of the Polled cattle we acquired carry the genes of the greatest bulls and females in America, going back to such bulls as Commander in Chief, Gosshall Ximines, Oakwood Hallmark, Rodney 29th daughters, Creekland Lancer daughters and more. Approximately half of the one herd were horned, of which twenty-three were "Queens of Beautys." These cows are to be used as outcross cows and with the Polled females and our present herd bull battery, we can carry on a program which will give us a line-breeding program heretofore unmatched by but a few herds.

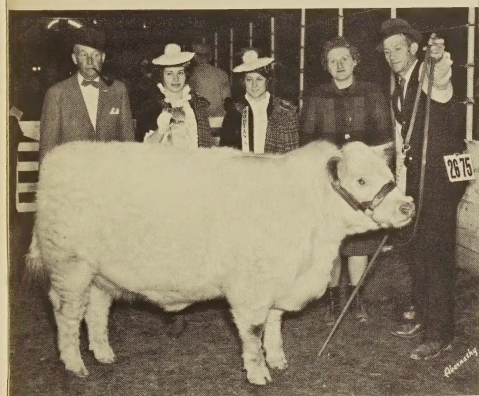

Our junior herd bull, Timberlee's Consort 54th, will be mated to the Queen of Beauty daughters by Timberlee's T C Napoleon 11th. Out of these Calrossie Troubadour dams we have already seen the proof of the pudding. The next step in our procedure was to acquire a top man to assist me in the operation. On January 15 that man arrived in the person of Mr. Harvey "Red" Ferguson. My next step was to acquire a man of great integrity and business knowledge to handle the business end of my operation, Mr. John Cox. With these two top men assisting, I hope to have a bit of time to do a bit more traveling and help in the promotion and relations of building better Polled Shorthorns along with going deeper into the genetics of my own operation.

*Chuck Behm*

This past year Purple Blend acquired the services of an outstanding cattleman as Herdsman. Harvey "Red" Ferguson is well known to a number of breeders thru his long association with the Oakwood Polled Shorthorn herd. His knowledge and advice is widely sought and he will be more than glad to answer any questions or help you in any way on sale day.

Red is shown at right above looking over the first calves by Timberlee's T C Napoleon x, our new junior herd sire.

In their first appearance at the International show in Chicago, Purple Blend showed the junior and reserve grand champion female, Hope of Purple Blend x. The first calf dropped on Purple Blend farm. She was sold in this sale last year to Penn State University.

The entire show herd sells this year. The one exception is our junior herd sire, Timberlee's Consort 54th x, who is in the string, but who will be retained here.

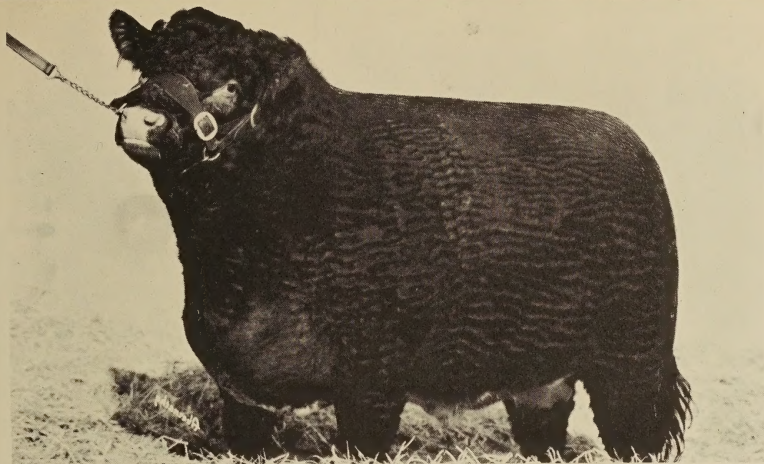

### **CREEKLAND LANCER x**

Some bulls "write" chapters in the book of breed progress. The Creekland Lancer x line has practically rewritten the whole book. This 1955 International grand champion has sired five International champions, innumerable class winners and an unequalled number of first prize winners in the important get and bull group classes. The breeding success of his sons substantiates all claims to greatness.

Although Lancer is dead he is given a prominent place in this catalog because of his great influence on the cattle selling. He is the sire, grandsire or great grandsire of two thirds of the cattle selling. The Lancer line is rewriting the record books.

**The Purple Blend Herd is Federally Accredited for TB and Bang's.**  
**All breeding dates will be posted sale day and announced from the auction stand.**

**This herd has been on a CalfhooD Vaccination program since its origination.**

OAKWOOD CADET x—One of the most popular champions of his time with one of the most illustrious pedigrees in the breed. Cadet was the 1962 International reserve champion bull, twice All-American and never defeated in class. He was champion at many shows in 1963, including Indiana State Fair and many southeastern shows. He is out of Hi Ho Cherry Clara by Kelburn Yesteryear and he by Mount Banker, some of the strongest blood to be imported. Clara goes back to the old Maxwalton Clara family, a fact that adds much prestige to this pedigree. Cadet is, of course, by Creekland Lancer, the 1955 International champion by Louada Developer by Calrossie Highland Leader by Kirkton Baronet, he probably the greatest breeding bull in the last 50 years in Scotland. But, along with these sires we have the great Millhills Mysie family on his dam's side which, when analyzed, gives you the most prepotent blood in any bull in the polled breed. His calves will substantiate this . . . they have that style, hindquarter and doing ability everyone in the breed can use.

#### **TIMBERLEE'S CONSORT 54th x**

One of the last sons of the great breeding Timberlee Consort x. The "54th" was purchased privately from The Smalstig's when just a calf and we showed him at the International as an April Junior calf, the youngest bull in the show. He won the junior bull calf class and was later named All American. He is now seeing heavy service in the Purple Blend herd and will be out at the shows this season. A few heifers carry his service in this sale offering.

**Timberlee's Consort 54th x winning his class at the International.**

**Oakwood Cadet x, the great Purple Blend sire, with typical cows and calves in the Purple Blend herd.**

Persons who know Chuck Behm also know of his great love for Polled Shorthorn and Shorthorn cattle. He has devoted his whole life to the furtherance of the breed. First as an assistant herdsman, where he got to know a lot about brushes, pitchforks and the like; then as a herdsman when he began to study the bloodline and history of the breed; on to a Manager position which gave him the opportunity to plan matings and watch them develop; and now finally as the owner of his own herd, all of this experience is put to work toward the common goal of establishing the best herd of Polled Shorthorns in the business. In the few years of its existence the Purple Blend herd has made tremendous strides forward.

This past year saw it almost triple in size with the purchase of three complete herds of cattle. Chuck is sharing with you, in this sale, the best from these purchases. He is including at least one from every family and is going deep to sell six Queen of Beautys. In addition he is selling his show herd.

You should be at this sale. Quality of this kind is not offered in the everyday market. I look forward to having you with us on sale day.

Gene McDonald  
Sale Manager

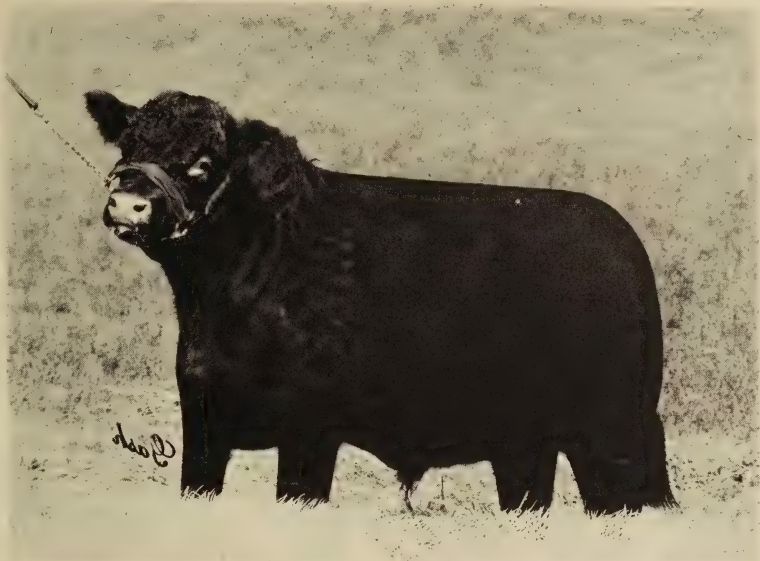

**How great and how wonderful it is . . . . That  
an opportunity of this kind is presented . . . .**

Where you can come and share in this wealth of breeding, outstanding individuals and popular bloodlines.

The purchase of three herds of cattle made this all possible. Chuck Behm bought the North Woods Shorthorn herd, The M J Drushell Polled Shorthorn herd and the Redwood Ranch Shorthorn and Polled Shorthorn Herd, all within the past year. Since he cannot keep all these cattle, due to the amount of space available, Purple Blend is SHARING WITH YOU their good fortune. This is no culling operation. While representatives of every family purchased are being sold, representatives of every family are being kept also and as individuals and bloodlines they are about equal.

Five Queen of Beautys sell, a Birmingham Pauline sells, a Joyceton Blossom sells, Polled granddaughters of Bapton Constructor sell.

Yes, this is a great opportunity for you as a breeder to get ahead. Be there sale day and take advantage of Chuck's Misfortune . . . . HE JUST CAN'T KEEP THEM ALL.

REDWOOD LANCER x — A white son of Creekland Lancer, out of Oakwood Hope 13th by Lawton Benefactor. A bull that has proven to be a real sire and will go on being a great sire. The Hope family has always been a producing family. Oakwood Hope 14th sold for \$5,000; Purple Blend Hope sold for \$2,000. Wherever exposed they have topped the sales and what's more, this is an own son of the grand old breeding bull, Creekland Lancer. This bull is big, good-headed, and could waken up your breeding program.

Here begin the females. They are led off by the heifers in the show string and progress by families and herds. Study them carefully . . . they are a great group.

34

Oakwood Clara T 3rd x, res. senior champion of the 1959 International. Purchased by Purple Blend in the Oakwood dispersion at a cost of \$2,000. She is a full sister to Oakwood Cadet x, the Purple Blend senior herd sire and the dam of Lot 13 below.

NORTH WOODS BEAUTY 62nd — Another top brood cow prospect, and one that would have made a real show hieffer had we gotten her in time to have fitted her. As Les Mathers once said, "Great cattle do you no good unless they do good in the hands of others."

Acadia Queen of Beauty 9th, grand champion female of the 1964 Ohio State Fair. The Queen of Beautys are one of the most famous families in modern breed history. This sale offers more of them than any other source.

NORTH WOODS BEAUTY 541st — There is not enough room to write about the many good things behind this heifer. I know for sure this is the last time this many Queen of Beautys will be offered in my sale. This family is as prolific as the Blood Royals and takes a great breeding bull to overpower them. This is the reason their influence is always felt wherever they go.

Four of the beautiful heifers that were acquired with the purchase of the entire North Woods Herd. These well-bred, excellent females sell in this sale.

## The North Woods Herd

No expense was spared when Charles Paugh founded the North Woods Herd of Shorthorn cattle. He bought the best females available regardless of price and selected the bulls that would work on them. We were indeed fortunate to purchase this entire herd. We share with you heifers from the families that have done the job over the years.

The following lots 38 through 45 are uniformly bred. They are all by Acadia Highland Promise, and out of Upright Leader 2nd dams. What a way to establish uniformity in your herd. Buy them all.

NORTH WOODS CLIPPER 11th — A Boll Weevil Masterful daughter that could go to any show and do well. She is a beautiful roan and one that will be a top cow. She is correct, good on her legs and one I should be keeping. A Polled son of her going back to Oakwood Conqueror x, Calrossie Ocean Wave and Calrossie Good News sure won't hurt her paper work.

NORTH WOODS AUGUSTA LADY W — This is a daughter of Boll Weevil Masterful, one of the few to sell — look at her pedigree and you just know she has to be good. Better still, come to the sale, see her, buy her, and enjoy the fruits of a grand beast.

Chuck Behm and Red Ferguson look over part of the Purple Blend cow herd. This herd has been put together with the utmost care, and the quality of the cows in it guarantee your purchases in this sale will breed on for you.

The M J Drushill herd at Coshocton, Ohio, is one of the oldest and best bred herds in the state. The cows are big, thick, roomy individuals that raise their own calves and do a good job of it. When the chance came to buy this outstanding herd we did not hesitate.

PURPLE BLEND GOLDEN DROP — This is a growthy heifer by Oakwood Lucifer, by Creekland Lancer that will make a big, roomy cow. She goes back to imported Crieffvechter Beacon on her dam's side, a bull that proved himself at Maxwalton Farms. This breeding is seldom seen today and less seldom exposed for sale.

Ron Frame established his herd with the intent of having the greatest herd of cattle in the business. This plan was well along toward completion when business pressures forced him to devote less and less time to the cattle. When he decided to sell rather than make it a part way enterprize, we were more than anxious to agree to terms.
